High-Contrast Flash Cards Four-Pack Set

High-contrast flash cards help baby's eyes learn to focus and track, aiding visual development as their brains grow. Collect all the state quarters, plus the District of Columbia and the U.S. territories, in this colorful, durable map of the United States! States are color coded according to the year that their state quarter was issued. Fun facts about each state are also included. Each coin slot on the map features the design specifically made for that state. There is room to collect all 56 quarters from each of the two mints—112 quarters in all!

In this collector's series, the United States Mint is issuing one quarter for each state, plus the District of Columbia and the U.S. territories, to commemorate national parks and other notable sites, from national forests to national military or historical parks. The collectible quarters are being released in the order in which each site was officially established, and this portfolio accommodates all 56 from the Denver and Philadelphia Mints, plus 10 limited-release 2019/2020 quarters from the West Point Mint—122 quarters in all! Each state is color coordinated to the year its quarter was issued.

PETER PAUPER PRESS

Our Company

In 1928, at the age of twenty-two, Peter Beilenson began printing books on a small press in the basement of his parents' home in Larchmont, New York. Peter—and later, his wife, Edna—sought to create fine books that sold at "prices even a pauper could afford."

Today, still family owned and operated, Peter Pauper Press continues to honor our founders' legacy—and our customers' expectations—of beauty, quality, and value.
