God's Demon by Wayne Barlowe

Lucifer's War, which damned legions of angels to Hell, is an ancient and bitter memory shrouded in the smoke and ash of the Inferno. The Fallen, those banished demons who escaped the full wrath of Heaven, have established a limitless and oppressive kingdom within the fiery confines of Hell. Lucifer has not been seen since the Fall and the mantle of rulership has been passed to the horrific Prince Beelzebub, the Lord of the Flies.

The Demons Major, Heaven's former warriors, have become the ruling class. They are the equivalent to landed lords, each owing allegiance to the de facto ruler of Hell. They reign over their fiefdoms, tormenting the damned souls and adding to their wealth.

One Demon Major, however, who has not forgotten his former life in Heaven. The powerful Lord Sargatanas is restless. For millennia Sargatanas has ruled dutifully but unenthusiastically, building his city, Adamantinarx, into the model of an Infernal metropolis. But he has never forgotten what he lost in the Fall - proximity to God. He is sickened by what he has become.

Now, with a small event - a confrontation with one of the damned souls - he makes a decision that will reverberate through every being in Hell. Sargatanas decides to attempt the impossible, to rebel, to endeavor to go Home and bring with him *anyone* who chooses to follow . . . be they demon or soul. He will stake everything on this chance for redemption.

Barlowe's envisioning of the landscape, architecture, and denizens of Hell is nothing short of awe-inspiring . . . this is a fascinating novel that will ring true to (...)

An Illusion of Thieves

by Cate Glass

A ragtag crew with forbidden magic must pull off an elaborate heist and stop a civil war in *An Illusion of Thieves*, a fantasy adventure from Cate Glass.

In Cantagna, being a sorcerer is a death sentence.

Romy escapes her hardscrabble upbringing when she becomes courtesan to the Shadow Lord, a revolutionary noble who brings laws and comforts once reserved for the wealthy to all. When her brother, Neri, is caught thieving with the aid of magic, Romy's aristocratic influence is the only thing that can spare his life - and the price is her banishment.

Now back in Beggar's Ring, she has just her wits and her own long-hidden sorcery to help her and Neri survive. But when a plot to overthrow the Shadow Lord and incite civil war is uncovered, only Romy knows how to stop it. To do so, she'll have to rely on newfound allies - a swordmaster, a silversmith, and her own thieving brother. And they'll need the very thing that could condemn them all: magic.

An Illusion of Thieves drew me in with its clever, resourceful heroine and delightful supporting cast, and kept me turning pages with forbidden magic, intrigue, and a smart and daring magical caper. I can't wait for more!" - Melissa Caruso, author of *The Tethered Mage*

Dragonslayer

by Duncan M. Hamilton

BuzzFeed Greatest Fantasy Book of the Year author

In his magnificent, heroic, adventure fantasy, *Dragonslayer*, Duncan M. Hamilton debuts the first book in a fast-moving trilogy: a dangerous tale of lost magics, unlikely heroes, and reawakened dragons.

Once a member of the King's personal guard, Guillot dal Villevauvais spends most days drinking and mourning his wife and child. He's astonished - and wary - when the Prince Bishop orders him to find and destroy a dragon. He and the Prince Bishop have never exactly been friends and Gill left the capital in disgrace five years ago. So why him? And, more importantly, how is there a dragon to fight when the beasts were hunted to extinction centuries ago by the ancient Chevaliers of the SilverCircle?

On the way to the capitol city, Gill rescues Solene, a young barmaid, who is about to be burned as a witch. He believes her innocent but she soon proves that she has plenty of raw, untrained power, a problem in this land, where magic is forbidden. Yet the Prince Bishop believes magic will be the key to both destroying the dragon and replacing the young, untried King he pretends to serve with a more pliable figurehead.

Between Gill's rusty swordsmanship and Solene's unstable magic, what could go wrong?

Lent
by Jo Walton

From Hugo, Nebula, and World Fantasy Award-winning Jo Walton comes *Lent*, a magical re-imagining of the man who remade fifteenth-century Florence - in all its astonishing strangeness

Young Girolamo's life is a series of miracles. It's a miracle that he can see demons, plain as day, and that he can cast them out with the force of his will. It's a miracle that he's friends with Pico della Mirandola, the Count of Concordia. It's a miracle that when Girolamo visits the deathbed of Lorenzo the Magnificent," the dying Medici is wreathed in celestial light, a surprise to everyone, Lorenzo included. It's a miracle that when Charles VIII of France invades northern Italy, Girolamo meets him in the field, and convinces him to not only spare Florence but also protect it. It's a miracle that whenever Girolamo preaches, crowds swoon. It's a miracle that, despite the Pope's determination to bring young Girolamo to heel, he's still on the loose and, now, running Florence in all but name.

That's only the beginning. Because Girolamo Savonarola is not who - or what - he thinks he is. He will discover the truth about himself at the most startling possible time. And this will be only the beginning of his many lives.

Ball Lightning

by Cixin Liu, translated by Joel Martinsen

From the *New York Times* bestselling author of the Three-Body Trilogy, Cixin Liu's *Ball Lightning* is the story of what happens when the beauty of scientific inquiry runs up against the drive to harness new discoveries with no consideration of their possible consequences.

When Chen's parents are incinerated before his eyes by a blast of ball lightning, he devotes his life to cracking the secret of this mysterious natural phenomenon. His search takes him to stormy mountaintops, an experimental military weapons lab, and an old Soviet science station.

The more he learns, the more he comes to realize that ball lightning is just the tip of an entirely new frontier. While Chen's quest for answers gives purpose to his lonely life, it also pits him against soldiers and scientists with motives of their own: a beautiful army major with an obsession with dangerous weaponry, and a physicist who has no place for ethical considerations in his single-minded pursuit of knowledge.

The Sol Majestic is a big-hearted intergalactic adventure for fans of Becky Chambers and *The Good Place*

A feast of a book." - Hugo Award-winning author Seanan McGuire

Dragonslayer

by Duncan M. Hamilton

BuzzFeed Greatest Fantasy Book of the Year author

In his magnificent, heroic, adventure fantasy, *Dragonslayer*, Duncan M. Hamilton debuts the first book in a fast-moving trilogy: a dangerous tale of lost magics, unlikely heroes, and reawakened dragons.

Once a member of the King's personal guard, Guillot dal Villevauvais spends most days drinking and mourning his wife and child. He's astonished - and wary - when the Prince Bishop orders him to find and destroy a dragon. He and the Prince Bishop have never exactly been friends and Gill left the capital in disgrace five years ago. So why him? And, more importantly, how is there a dragon to fight when the beasts were hunted to extinction centuries ago by the ancient Chevaliers of the SilverCircle?

On the way to the capitol city, Gill rescues Solene, a young barmaid, who is about to be burned as a witch. He believes her innocent but she soon proves that she has plenty of raw, untrained power, a problem in this land, where magic is forbidden. Yet the Prince Bishop believes magic will be the key to both destroying the dragon and replacing the young, untried King he pretends to serve with a more pliable figurehead.

Between Gill's rusty swordsmanship and Solene's unstable magic, what could go wrong?

Author Bio

Duncan M. Hamilton holds Master's Degrees in History and Law, and has practiced as a barrister. He lives in Ireland, near the sea. Hamilton's debut novel, *The Tattered Banner*, first of the Society of the Sword trilogy, was named one of BuzzFeed's 12 Greatest Fantasy Books Of The Year in 2013. Luna: Wolf Moon

A Novel

by Ian McDonald

A Dragon is dead.

Corta Helio, one of the five family corporations that rule the Moon, has fallen. Its riches are divided up among its many enemies, its survivors scattered. Eighteen months have passed .

The remaining Helio children, Lucasinho and Luna, are under the protection of the powerful Asamoahs, while Robson, still reeling from witnessing his parent's violent deaths, is now a ward - virtually a hostage - of Mackenzie Metals. And the last appointed heir, Lucas, has vanished off the surface of the moon.

Only Lady Sun, dowager of Taiyang, suspects that Lucas Corta is not dead, and more to the point - that he is still a major player in the game. After all, Lucas always was the Schemer, and even in death, he would go to any lengths to take back everything and build a new Corta Helio, more powerful than before. But Corta Helio needs allies, and to find them, the fleeing son undertakes an audacious, impossible journey - to Earth.

In an unstable lunar environment, the shifting loyalties and political machinations of each family reach the zenith of their most fertile plots as outright war erupts.

Luna: Wolf Moon continues Ian McDonald's saga of the Five Dragons.

From the modern master of alternate history and *New York Times* bestselling author Harry Turtledove, *Through Darkest Europe* envisions a world dominated by a prosperous and democratic Middle East - and under threat from the world's worst trouble spot

Senior investigator Khalid al-Zarzisi is a modern man, a product of the unsurpassed educational systems of North Africa and the Middle East. Liberal, tolerant, and above all rich, the countries and cultures of North Africa and the Middle East have dominated the globe for centuries, from the Far East to the young nations of the Sunset Lands.

But one region has festered for decades: Europe, whose despots and monarchs can barely contain the simmering anger of their people. From Ireland to Scandinavia, Italy to Spain, European fundamentalists have carried out assassinations, hijackings, and bombings on their own soil and elsewhere. Extremist fundamentalist leaders have begun calling for a crusade", an obscure term from the mists of European history.

Now Khalid has been sent to Rome, ground zero of backwater discontent. He and his partner Dawud have been tasked with figuring out how to protect the tinpot Grand Duke, the impoverished Pope, and the overall status quo, before European instability starts overflowing into the First World.

Then the bombs start to go off.

Overwhelmingly fun." - io9 on *The Tropic of Serpents*

As the renowned granddaughter of Isabella Camherst (Lady Trent, of the riveting and daring Draconic adventure memoirs) Audrey Camherst has always known she, too, would want to make her scholarly mark upon a chosen field of study.

When Lord Gleinheigh recruits Audrey to decipher a series of ancient tablets holding the secrets of the ancient Draconean civilization, she has no idea that her research will plunge her into an intricate conspiracy, one meant to incite rebellion and invoke war. Alongside dearest childhood friend and fellow archeologist Kudshayn, must find proof of the conspiracy before it's too late. TURNING DARKNESS INTO LIGHT is a delightful fantasy of manners, the heir to the award-winning *Natural History of Dragons* series, a perfect stepping stone into an alternate Victorian-esque fantasy landscape.

Vallista

by Steven Brust

Brust's signature wit and narrative voice keep the action flowing and entertaining." - *Publishers Weekly* on *Vallista*

Full of swordplay, peril, and swashbuckling flair, Steven Brust's *Vallista* is a treat for longtime fans of this popular fantasy series, a deep dive into the mysteries of Dragaera and all within it.

Vlad Taltos is an Easterner - an underprivileged human in an Empire of tall, powerful, long-lived Dragaerans. He made a career for himself in House Jhereg, the Dragaeran clan in charge of the Empire's organized crime. But the day came when the Jhereg wanted Vlad dead, and he's been on the run ever since. He has plenty of friends among the Dragaeran highborn, including an undead wizard and a god or two. But as long as the Jhereg have a price on his head, Vlad's life is messy.

Meanwhile, for years, Vlad's path has been repeatedly crossed by Devera, a small Dragaeran girl of indeterminate powers who turns up at the oddest moments in his life.

Now Devera has appeared again - to lead Vlad into a mysterious, seemingly empty manor overlooking the Great Sea. Inside this structure are corridors that double back on themselves, rooms that look out over other worlds, and - just maybe - answers to some of Vlad's long-asked questions about his world and his place in it. If only Devera can be persuaded to stop disappearing in the middle of his conversations with her.
