The Great Shelby Holmes and the Coldest Case by Elizabeth Eulberg

Being friends with a super sleuth isn't easy, especially when she's nine years old, four feet tall, and *full* of attitude. But for eleven-year-old John Watson, being friends with Shelby Holmes is just the adventure he's looking for. After Watson's online journal chronicling his and Shelby's case-closing abilities attracts the attention of a newspaper reporter, the pair becomes a small media sensation" in their Harlem neighborhood. So it's no surprise (at least, to Shelby!) when the article lands them a new client - a figure skating coach whose star athlete, Jordan Nelson, is receiving strange, threatening messages, written entirely in code.

There's no one better to crack the cipher than dynamic duo Shelby and Watson! But to gather information, Shelby decides that they'll have to go undercover . . . as an award-winning pair skating team. Can they use the laws of physics and their acting skills to maintain their covers and figure out who's sending Jordan such strange messages before it's too late?

"

. . . [E]ngaging first-person narrative includes moments of humor and . . . gray-scale illustrations add visual appeal to this enjoyable entry in the Great Shelby Holmes mystery series." - *Booklist*

"Charming and funny, this winning adventure also finds time for its middle school sleuths to develop real maturity." - *Kirkus Reviews on THE GREAT SHELBY HOLMES MEETS HER MATCH*

"Eulberg does an excellent job of character development and presenting realistic family and friend relationships . . . Another fantastic addition to the series." - *School Library Journal on THE GREAT SHELBY HOLMES MEETS HER MATCH*

One Person, No Vote (Young Readers' Edition)

How All Voters Are Not Treated Equally

by Carol Anderson and Tonya Bolden

An adaptation of the New York Times bestselling author's book about the startling truth behind voter suppression in America.

This middle grade adaptation brings to light the shocking truth about how not every voter is treated equally. After the election of Barack Obama, a rollback of voting rights occurred, punctuated by a 2013 Supreme Court decision that undid the Voting Rights Act of 1965. Known as the Shelby ruling, this decision allowed districts with a history of racial discrimination to change voting requirements without approval from the Department of Justice.

This book follows the stunning aftermath of that ruling and explains how voter suppression works, from photo ID requirements to gerrymandering to poll closures. It also explores the resistance: the organizing, activism, and court battles to restore the basic right to vote to all Americans as the nation gears up for the 2020 presidential election season.

Author Bio

Carol Anderson is the Charles Howard Candler Professor and Chair of African American Studies at Emory University. She is the author of several books, including the New York Times bestseller *White Rage* and *We Are Not Yet Equal*, a YA adaptation of *White Rage*. She lives in Atlanta, Georgia. Tonya Bolden is an award-winning author/co-author/editor of more than two dozen books for young people. They include *We Are Not Yet Equal*; *Crossing Ebenezer Creek*, which received five starred reviews; and *Maritcha: A Nineteenth-Century American Girl*, a Coretta Scott King honor book. Some Places More Than Others

by Renee Watson

From Newbery Honor- and Coretta Scott King Author Award-winning, *New York Times* bestselling author Renee Watson comes a heartwarming and inspiring middle-grade novel about finding deep roots and exploring the past, the present, and the places that make us who we are.

All Amara wants for her birthday is to visit her father's family in New York City - Harlem, to be exact. She can't wait to finally meet her Grandpa Earl and cousins in person, and to stay in the brownstone where her father grew up. Maybe this will help her understand her family - and herself - in new way. But New York City is not exactly what Amara thought it would be. It's crowded, with confusing subways, suffocating sidewalks, and her father is too busy with work to spend time with her and too angry to spend time with Grandpa Earl. As she explores, asks questions, and learns more and more about Harlem and about her father and his family history, she realizes how, in some ways more than others, she connects with him, her home, and her family.

Something Rotten

A Fresh Look at Roadkill

by Heather L. Montgomery, illustrated by Kevin O'Malley

An ALA Notable book

An Orbis Pictus Recommended title

When Heather L. Montgomery sees a rattlesnake flattened on the side of the road, her first instinct is to pick it up and dissect it - she's always wanted to see how a snake's fangs retract when they close their mouths, and it's not exactly safe to poke around in a live reptile's mouth. A wildlife researcher with a special penchant for the animals that litter the roadways, Heather isn't satisfied with dissecting just one snake. Her fascination with roadkill sets her off on a journey from her own backyard and the roadways of the American South to scientists and kids in labs and homes across the globe. From biologists who use the corpses of Tasmanian devils to investigate cures for a contagious cancer, to a scientist who discovered a whole new species of bird from a single wing left behind, to a boy rebuilding animal bodies from the bones up, to a restaurant that serves up animal remnants, Heather discovers that death is just the beginning for these creatures.

This engaging narrative nonfiction is an eye-opening and irreverent look at the dead and dying animals that we pass by without a second thought - as well as a fascinating insight to the scientific research process.

The discoveries that arise from our flattened fauna will amaze you! . . . For all the literal blood and guts. . . there's nothing rotten about this book - it's a keeper." - *Starred review, Kirkus Reviews*

The Girl with the Dragon Heart

by Stephanie Burgis

Silke needs to stay out of trouble. But when your best friend is a dragon-turned-hot-tempered-girl, trouble is always right around the corner. Although Silke has found work at The Chocolate Heart as a waitress and master promoter, she's certain it's not going to last. Years ago, her family was forced to flee their war-torn homeland. Then her parents disappeared while traveling through the mysterious fairy land, Elfenwald. Wherever she goes, trouble is hot on her heels. What she needs now is somewhere to call home - somewhere safe.

One day, Silke gets the opportunity she's been waiting for: The Crown Princess personally asks her to spy on the Elfenwald royal family who are visiting the kingdom for the first time in history. In return, Silke will have the home she's always wanted - in the secure palace. But her mission isn't as simple as she expected. Her parents' disappearance still haunts her, and the royal visitors seem increasingly sinister. Soon Silke discovers that her city is in danger - and that maybe it's more herhome than she ever realized.

Black-presenting Silke's an entirely believable character; supporting characters are equally well-drawn, and Burgis' world is a robustly diverse one. As with the first book, the fantasy hijinks are tempered with depth for a story that's sweet but not saccharine." - *Kirkus Reviews, starred review*
"Thirteen-year-old Silke is the heroine of her own story . . . The true star of this show is independent girlhood. Silke, Aventurine, and the princess Sophia's freedom comes through recognizing that they are powerful not where they fit in, but in the ways that they stand out." - *Starred review, Foreword (...)*

We Are Not Yet Equal

Understanding Our Racial Divide
by Carol Anderson and Tonya Bolden

An NAACP Image Award finalist

A Kirkus Reviews Best Book of the Year

A NYPL Best Book for Teens

Carol Anderson's *White Rage* took the world by storm, landing on the *New York Times* bestseller list and best book of the year lists from *New York Times*, *Washington Post*, *Boston Globe*, and *Chicago Review of Books*. It launched her as an in-demand commentator on contemporary race issues for national print and television media and garnered her an invitation to speak to the Democratic Congressional Caucus. This compelling young adult adaptation brings her ideas to a new audience.

When America achieves milestones of progress toward full and equal black participation in democracy, the systemic response is a consistent racist backlash that rolls back those wins. *We Are Not Yet Equal* examines five of these moments: The end of the Civil War and Reconstruction was greeted with Jim Crow laws; the promise of new opportunities in the North during the Great Migration was limited when blacks were physically blocked from moving away from the South; the Supreme Court's landmark 1954 *Brown v. Board of Education* decision was met with the shutting down of public schools throughout the South; the Civil Rights Act of 1964 and Voting Rights Act of 1965 led to laws that disenfranchised millions of African American voters and a War on Drugs that disproportionately targeted blacks; and the election of President Obama led to an outburst of violence (...)

Author Bio

Carol Anderson is the Charles Howard Candler Professor and Chair of African American Studies at Emory University. She is the author of many books and articles, including *Bourgeois Radicals: The NAACP and the Struggle for Colonial Liberation, 1941-1960* and *Eyes Off the Prize: The United Nations and the African American Struggle for Human Rights: 1944-1955*. She lives in Atlanta, Georgia.

Tonya Bolden is a critically acclaimed award-winning author/co-author/editor of more than two dozen books for young people. They include *Crossing Ebenezer Creek*, which received five starred reviews; *Finding Family* which received two starred reviews and was a *Kirkus Reviews* and *Bank Street Best Children's Book of the Year*; *Maritcha: A Nineteenth-Century American Girl*, a Coretta Scott King honor book and James Madison Book Award winner; *MLK: Journey of a King*, winner of a National Council of Teachers of English Orbis Pictus Award for Outstanding Nonfiction for Children; *Emancipation Proclamation: Lincoln and the Dawn of Liberty*, an ALSC Notable Children's Book, CBC/NCSS Notable Social Studies Trade Book for Young People, and

The Chaos of Now

by Erin Jade Lange

Provocative, timely, and intense." - Kirkus Reviews, starred review

From the author of *Butter* comes an emotional coming-of-age novel about teen coder who gets roped into a dangerous hack, perfect for fans of John Corey Whaley and Adam Silvera.

Eli is coasting through high school, spending most of his time writing code. Each day is as boring as the next - until he receives a cryptic message in binary code, leading him to Seth and Mouse. They're seeking a third member for a prestigious hacking competition, after their teammate and friend Jordan committed suicide last year. Intrigued by the challenge, Eli agrees. But soon it becomes clear that Seth and Mouse are after more than winning a competition - they're seeking revenge for the abuse that caused Jordan's suicide. Eli is in way over his head, but he's also hiding a dangerous secret that could lead to even more trouble if he isn't careful. In a story about the shift of power from those who rule at school to those who rule online, the difference between bully and victim is blurred and Eli - whose coding skills have taught him to make order out of chaos - will find the real world is much harder to control.

"

The morally complex story avoids simple answers and is taut with tension . . .

Provocative, timely, and intense." - *Starred review, Kirkus Reviews*

"Lange finds a fresh perspective on bullying by focusing on all those left behind in the aftermath of the violence that ensues - the bullies and the bystanders." - *School Library (...)*

Author Bio

Erin Jade Lange writes facts by day and fiction by night. As a journalist, she is inspired by current events and real-world issues and uses her writing to explore how those issues impact teenagers. She is an only child, which means she spent a lot of time entertaining herself as a kid. This required her to rely heavily on her own imagination, which is probably why she became a writer. Erin lives in Phoenix, Arizona. *Butter* is her debut novel.

The Wren Hunt by Mary Watson

Once a year, Wren is chased through the woods near her rural Ireland hometown in a warped version of a childhood game. Her pursuers belong to the judges, a group in control of an ancient, powerful magic they stole from her own people, the augurs . . . but they know nothing of her real identity. If they learned the truth, the game would surely turn deadly.

Though she knows the risks, Wren also goes on the hunt, taking a dangerous undercover assignment as an intern at enemy headquarters, the Harkness Foundation. If she can uncover a long-buried secret, she can save her family and end the judges' reign once and for all.

But as the web of lies, deceit, and betrayal thickens around Wren, she hurtles toward a truth that threatens to consume her and reveal who she really is. Not only has she come to the attention of powerful judge Cassa Harkness, but she is also falling dangerously in love with the one person she shouldn't. And she may need to decide which she'd rather lose, her heart or her life.

This spellbinding YA debut from Mary Watson is part thriller, part love story and entirely captivating.

[R]eminiscent of Maggie Stiefvater's Raven Cycle . . . Watson brings a deep and visceral voice to old stories as well as an authentic and modern urban sensibility, making this a highly stylized read." - *School Library Journal*, *starred review*
