petit COLLAGE

SPRING 2025

CHRONICLE BOOKS

where it all began

Petit Collage combines great design with environmentally conscious manufacturing to create toys, puzzles, and games that encourage learning through play.

Our first product, back in 2006, was a hand-crafted little owl collage made from recycled materials. That product inspired not only our company name but our sustainability ethos.

From on-the-go fun to high-end nursery show pieces, we strive to make our products playful, creative, and educational to inspire and delight.

ECO-CONSCIOUS

We are deeply committed to communicating our eco claims clearly and without greenwashing. We recognize that sustainability is an ever-moving target and we're constantly looking for ways to improve the standards we apply to all our products and processes. Our "eco-conscious" logo can be found on our packaging alongside icons that make it easy for customers to see at a glance what materials we have used.

Bellyband · One-piece Box · Two-piece Box · CDU · Hangtag · Book

our mission to be ethical and sustainable

Eco Team

We have a dedicated team reviewing all Petit Collage products with a specific goal: to make them more sustainable and reduce their negative impact on our planet.

Safety

The safety of our products is our highest priority. Every Petit Collage product is thoroughly risk assessed and third party tested. You can rest assured that your child's safety is at the forefront of our designs.

Responsibly Sourced

We prioritize the use of responsibly sourced materials, such as recycled card, FSC wood and FSC paper, GOTS certified organic cotton, recycled PET, vegetable inks, and water-based paints.

INTRODUCING PLANET PALS
MAKING SENSE OF THE SMALL PRINT

Visit our website to learn more from our Planet Pals team

Eco Ellie can tell you all you need to know about our products! From materials to processes, Ellie explains what all the jargon actually means. For example...

Q: What are FSC™ materials?
A: FSC™ materials come from trees that are grown in protected, managed forests. So when one tree is cut down to make something, another tree is planted.

Sustainable Sam is here to explain how we can all help to save the planet! For example...

Q: What is recycling?
A: Recycling simply means to use again! Ever heard someone say "throw it away"? Well, there is no "away." Lots of stuff that gets put in the bin ends up in massive piles of waste called "landfill," which isn't good for people or the planet. So, the more we can use again, the healthier our planet will be!

Professor Peggy can help you understand how we make our products safe and strong! For example...

Q: How do I know a Petit Collage toy is built to last?
A: Before our toys get to stores, they are pulled, twisted, dropped, and soaked, then pulled, twisted, and dropped again! We put them through these tests to make sure they are strong enough to be played with for years.

FIND-AND-FEEL STORIES

It's time for unlikely adventures! Use the special textures on each page to follow along the stories and make new animal friends.

RETURNS POLICY
(Returnable Customers Only)

Returns Address:
Chronicle Books Returns
c/o Hachette Book Group USA
322 S. Enterprise Blvd.
Lebanon, IN 46052

Please include account number and a packing list or chargeback with all returns. Written permission is not required for "returnable" accounts. Returns must be In Print, or, if Out of Print, returned within 6 months of the OP date, in saleable condition, and whole copy (except for strippable titles).

No authorization is required for overstock returns or damaged/defective merchandise. Returns are credited at the same price and discount at which they were most recently purchased.
